Inspired to Achieve

Choose Respect • Take Responsibility • Show Resilience • Be Kind

Term 4

Issue 4

15/03/24

This Week at Wheatfield – It's been another busy week at school. The children have been focusing on STEM lessons this week (Science, Technology, Engineering and Maths) some classes were lucky enough to have a real life scientist visit in their classes so thank you if you volunteered your services. **_Mrs Carver**

Quiz night!

We have sold a significant number of tickets for the quiz and have a lot of our staff on a team so prepare yourselves if you are coming tonight! It is set to be a great night with Mr Winterburn and Mr Woodworth as the quiz masters! I look forward to seeing many of you there! Thank you to the Friends for organising such a great event – I am sure it will be a great success!

This week's learning comes from Year 3 and Year 4

Year 3

In Year 3 this term, pupils have embarked on an artistic journey inspired by the renowned illustrator Quentin Blake. The children have immersed themselves in the world of sketching, aiming to capture the essence of Blake's distinctive style. First, the pupils explored how to change the tone and texture of their drawings, experimenting with different styles of lines and gradings of pencil. Then, armed with pencils, sketchbooks and fine liner pens, they had the opportunity to recreate some of his illustrations. Finally, they enthusiastically embraced the challenge of creating illustrations of their own characters. Well done, Year 3!

Year 4

This week, Year 4 have been sewing polar bears! We have shown great resilience and determination following complex instructions to complete our projects. Children have worked well together to support each other in honing their sewing skills. Despite encountering challenges along the way, such as threading needles and mastering stitches, we persevered and are proud of our results.

Snacks and Drinks - Please remind your children that when taking a snack outside at playtime, they must chose/bring only fruit. We will be reminding children of this in school also. Children will not be able to take yoghurts outside at playtime as we have children with dairy allergies.

Parking

Please remember that you are only permitted to drop off on the loop with prior permission from school. The bay at the bike shed end of the loop is reserved for **Blue badge holders** only please as we have parents and carers who need to park in this space. Please do not use the loop unless you have permission from the school, in which case you will need to display your blue badge or school permit.

I have also received contact from Wheatfield residents who appeal to parents to use the informal one way system and to avoid blocking driveways – some residents have been unable to leave home for work due to their driveways being blocked.

Thank you for your consideration – Mrs Carver

School Values Award: **Choose Respect – Take Responsibility – Show Resilience – Be Kind**

This term's value is 'Kindness'

Our award goes to ...			Our award goes to ...
